

1 DELEGATE MARION: Yes, I have one further
2 question.

3 Delegate Byrnes I think was getting into this
4 area but, as I recall, when we adopted the language
5 relating to the duties of the comptroller, we adopted
6 that section including a sentence which stated very ex-
7 plicitly that the comptroller would not be the head
8 of any principal department in the executive branch and
9 as I further understand the language of Section 4.20, the
10 governor is entitled to appoint the heads of all princi-
11 pal departments, and that even though this recommendation
12 does not use the same language the the section dealing
13 with the comptroller did, to wit, he shall not be the
14 head of any principal department in the executive branch,
15 that Section 4.20 would make that very clear, and that
16 it is implicit that the attorney general would not be the
17 head of any principal department of the executive branch.

18 Is that correct?

19 THE CHAIRMAN: Delegate Morgan.

20 DELEGATE MORGAN: That is correct.

21 THE CHAIRMAN: Delegate Cardin.
